

Engineer

I am a very dependable, respectful and goals-oriented, with positive attitude, self-motivation and discipline. Eager to learn and develop skill set & knowledge, adaptable and practical. I love to work with team, and I respect the goals and ask for the development of my work for the better and I have the ability to learn quickly.

It would be a great pleasure to work in the humanitarian sector which encourages me to learn more, give more, and develop my skills. I have the enthusiasm and dedication to work in such fields which will contribute to develop further my communication, teamwork and interviewing with a solid understanding of both international and local law for the sake of assisting persons of concern.
